Introducing Crowell & Moring's Compliance "Check-Up" for Government Contractors

March 6, 2018

The Government Contracts and Corporate Groups at Crowell & Moring LLP are pleased to announce our Compliance "Check-Up" for Government Contractors, focused on providing pre-sale advice to government contractors and private equity sponsors contemplating selling or fundraising in the current market. Our team of over 80 experienced government contracts and transactional professionals stands ready to assist clients by providing (at no cost) a "Check-Up" – a diagnostic review of key diligence questions, aimed at identifying common compliance issues that can drive down sales prices and/or increase borrowing costs. By identifying these issues *early* in the diligence process, sellers can *avoid* common traps that may negatively impact deal terms, complicate reps and warranties, and make post-merger integration more difficult and expensive. For more information on our Compliance "Check-Up" for Government Contractors, please click [here](#). For more information, please contact the professional(s) listed below, or your regular Crowell & Moring contact.
