"Piggy-Backer" Falls at GAO

Jun.01.2005

In *VSE Corp; Johnson Controls World Svs. Inc.* (May 23, 2005 <http://www.gao.gov/decisions/bidpro/2904523.pdf>), GAO held that Johnson Controls could not circumvent GAO's strict timeliness rules by "piggy-backing" an untimely protest of a sole source award by the Department of Homeland Security onto a timely protest previously filed by VSE. Nonetheless, GAO found the sole source bridge construction contract was improper because DHS failed to prepare a required written justification and approval, and it expressly held that Johnson Controls, as well as VSE, must be given an opportunity to demonstrate an ability to satisfy DHS' requirement.
