

Client Alert

Reporting And Registration Under ARRA

August 25, 2009

Contractors receiving American Recovery and Reinvestment Act funds are required to register and file quarterly electronic reports with the Government. After considerable delay, the government announced today that contractors may begin registering at federalreporting.gov and encouraged early registration, even though the full electronic reporting tool will not be available until October 1, 2009.

For more information, please contact the professional(s) listed below, or your regular Crowell & Moring contact.
