Crowell & Moring Featured in *Global Arbitration Review's* 9th Edition "GAR 100" List

Washington, D.C. – March 22, 2016: *Global Arbitration Review (GAR)* has named Crowell & Moring LLP to its 9th edition of the "GAR 100," a list of the top 100 law firms with international arbitration practices. The firm's International Dispute Resolution Group ranked prominently in the 31-40 section. *GAR* is the leading international journal of commercial and treaty arbitration.

GAR's editors noted the Group's recent successes, including a 2015 victory on behalf of Khan Resources, in which the firm secured a \$100 million Energy Charter Treaty award against Mongolia over the cancellation of uranium mining licenses. The guide also reported the firm's jurisdictional win in persuading an International Centre for Settlement of Investment Disputes (ICSID) panel hearing Pacific Rim's case against El Salvador to allow claims worth \$300 million to proceed under El Salvador's foreign investment law, while dismissing claims under DR-CAFTA.

First published in 2007, the annual survey ranks the world's leading large and small arbitration practices and assesses firms' reputation, amount of work undertaken, and experience through researchers' audits.

Crowell & Moring LLP is an international law firm with approximately 500 lawyers representing clients in litigation and arbitration, regulatory, and transactional matters. The firm is internationally recognized for its representation of Fortune 500 companies in high-stakes litigation, as well as its ongoing commitment to pro bono service and diversity.
