# Crowell & Moring Releases Government Contracts Resource Mobile Application

**Washington — April 8, 2019:** Crowell & Moring LLP is pleased to announce that its Government Contracts Group has launched a “GovCon Legal Resource Center” mobile application, offering universally applicable government contracts content all in one convenient location.

“We are pleased to launch such a helpful app. This puts anything that anyone in the government contracts industry would want in one place, including interactive content such as podcasts, video client alerts and other government resources,” said David B. Robbins, partner in the firm’s Government Contracts Group. “We are grateful to those who worked to develop it and appreciate how well the market has received it so far.”

The app provides a quick, one-stop resource for users to access links to government resources and the firm’s news and analysis, upcoming events, and video alerts, as well as a lawyer finder search tool. Other features include a CDA Interest Calculator, a General Counsel Compliance Chart, and a Bid Protest Timeline interactive guide to help users ensure that their protests are filed in a timely manner. Users will also be able to configure real-time notifications of the latest news and updates from Crowell & Moring, as well as push notifications that will alert users when new firm client alerts are published.

Content available on the app includes the Government Contracts Group’s “Fastest Five Minutes” podcast series, which provides a biweekly summary of significant government contracts legal and regulatory developments for government contracts lawyers and executives. The firm’s podcast series was recently ranked among the top five law firm podcasts by Good2bSocial, a digital marketing agency for lawyers and companies in the legal industry.

GovCon Legal Resource Center is available on both iOS and Android or by visiting <https://www.crowell.com/GovConLegalResourceCenter>.
