Launch of GSA Coronavirus Procurement-Related Website

March 25, 2020

The General Services Administration (GSA) recently launched a [website](#) dedicated to Coronavirus Acquisition-Related Information and Resources. It's our understanding that the website will be updated regularly and will create a helpful catalogue of public facing guidance, policies, frequently asked questions, and other information generated by federal government agencies on COVID-19-related procurement matters. In addition, the website allows the public to ask general coronavirus acquisition related question. As of March 24, 2020, the website provides links to OMB Guidance and Memorandums and materials from the Department of Defense, the Department of Justice, and the National Aeronautics and Space Administration.
